

PRODUCT DESCRIPTION

SecureSTRAP is a highly strong and durable strapping tape, engineered for superior performance in industrial packaging. Designed to keep boxes from shifting during transit, it reinforces packages bearing significant weight, ensuring your shipments arrive intact.

One of its standout features is its ability to shrink back around cartons after application, providing a firm, secure hold. It is ideal for **palletizing, bundling, color-coding, unitizing, and securing shipments**. Despite its remarkable strength, **SecureSTRAP** boasts a low tack, making it easy to remove without tearing or leaving any adhesive residue behind. It can be applied using a tape dispenser or an automated machine, streamlining your packaging process.

KEY BENEFITS
