BOPP Acrylic Tape FREEZER GRADE

TEMPERATURE-RESISTANCE
WATER-BASED ACRYLIC

Different dimensions & specifications
available on request.

Product Description

We provide high tensile shear strength RH Acrylic adhesive tapes designed specifically for cold-temperature packaging. Ideal for use in refrigeration conditions or at room temperature with subsequent storage in low-temperature environments, this tape features a flexible backing and a reliable, pressure-sensitive, water-based acrylic adhesive system, ensuring superior performance and durability.

WHY CHOOSE OUR FREEZER GRADE ACRYLIC TAPES?

**Can be used in
extreme temperature**

Extended shelf-life

**No yellowing due
to UV rays**

Competitive price
