Letter of Declaration

Subject: Non-Allergen Statement – POF Shrink Film (All Variants)

To whom it may concern,

This letter certifies that the POF Shrink Film products manufactured/distributed by Bagla Polifilms Limited, is free from known allergenic substances.

We understand the importance of product safety, particularly concerning potential allergens, and have taken measures to ensure our product meets stringent standards.

Key Points:

- **Absence of Known Allergens:** Our POF Shrink Film is formulated to be free from known allergenic substances.
- **Quality Control:** We maintain rigorous quality control procedures throughout our manufacturing process, utilizing high-grade raw materials.
- **Safety Standards:** Our products undergo regular testing to verify adherence to relevant safety regulations and industry best practices.
- **Versatile Application:** Our POF Shrink Film is suitable for a wide range of packaging applications, including food, personal care products, etc., where allergen considerations are paramount.

We are committed to providing safe and reliable packaging solutions.

Your Sincerely,

Bagla Polifilms Limited.
