

### PRODUCT DESCRIPTION

EkoRip Protect is a sustainable, paper-based reinforcement tear tape designed to strengthen flap handles, box joints, and other high-stress areas of corrugated packaging without affecting recyclability.

Its strong paper backing, made from renewable sources along with a high-tack adhesive delivers secure bonding even on cartons with high recycled content.

#### Technical Specifications

|                     |                                 |
|---------------------|---------------------------------|
| Backing             | : Paper                         |
| Total Thickness     | : 220 µm                        |
| Type of Adhesive    | : Synthetic rubber solvent-free |
| Elongation at Break | : 12%                           |
| Tensile Strength    | : 145 N/cm                      |
| Adhesion to Steel   | : 11 N/cm                       |

#### Key Features

- 100% Paper backing from sustainably managed sources
- Fully Recyclable
- Plastic-free and repulpable
- Solvent-Free Coating Process
- Can be disposed of along with the corrugated box
- Compatible with standard tape applicators for seamless processing

The Eco-Conscious Choice  
for Reinforced Packaging

**Stronger Boxes,  
Greener Future.**

### ADDITIONAL INFORMATION

**SHELF LIFE:** The standard shelf life is 12 months from the date of manufacture. However, this depends on several factors such as storage conditions, handling etc.

**DISPOSAL:** Preferred options for disposal are: (1) recycling, SPI Code 7; (2) incineration with energy recovery; and (3) land fill.

**STORAGE:** Storage below 32°C (90°F) is recommended.

**DISCLAIMER:** The technical data contained herein are guides to the use of Bagla® products. Bagla Group makes no guarantees of results and assumes no obligations or liability in connection with its advice.
