

Statement of Compliance

Product Name	Shrink Films
Type	POF Shrink Film
Application	Shrink Wrap Packing

Bagla Polifilms Limited hereby declares that the above-mentioned shrink films are manufactured by using raw materials LLDPE, PP, Slip and Anti Block in accordance with the following applicable regulations and standards related to materials intended to come into contact with food:

- **EU Regulation (EC) No. 1935/2004** – on materials and articles intended to come into contact with food.
- **EU Regulation (EU) No. 10/2011** – on plastic materials and articles intended to come into contact with food.
- **Commission Regulation (EC) No. 2023/2006** – on good manufacturing practices for materials and articles intended to come into contact with food.
- **U.S. FDA Regulation 21 CFR 177.1520** – for olefin polymers used in food contact applications (where applicable).
- **IS 9845:1998** – Indian Standard for the safety of plastic materials in contact with foodstuffs.

Manufacturing Practices: The products are manufactured in a controlled environment following Good Manufacturing Practices (GMP) and strict hygiene protocols to ensure they are suitable for food industry applications.

Migration Testing: Migration tests have been conducted in accordance with the specified standards and have been found to comply with the regulatory limits set for food contact materials.

Disclaimer: It is the responsibility of the end user to ensure that the product is suitable for the intended food contact application and complies with relevant local regulations.
