

ADHESIVE TAPES

Where *Performance* Meets *Protection*.

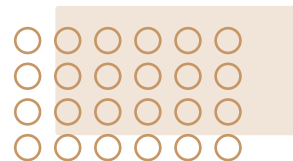

ABOUT US

Bagla Group manufactures **Adhesive Tapes, Tear Tapes, Thermoforming Films and POF Shrink Films**. Over **40 years**, we have supplied more than **USD 500 million** worth of products to over **2,000 customers** across **50 countries** and **6 continents**.

With **8 factories** across India, Mexico, Indonesia and Paraguay, **2 warehouses** in the USA and Europe, and **16 international sales offices**, we deliver over **500 SKUs** across **50 product categories**.

Our factories are certified to **BRC, FSSC 22000, ISO, Halal and Kosher**, and our films meet **FDA food-contact** and **EU REACH** requirements.

OUR TIMELINE

Every great innovation has a story. Take a look at the Bagla Group timeline to see how we transformed from a pioneering adhesive tape manufacturer into a global leader. Our journey is marked by bold expansions, breakthrough technologies, and a constant drive to meet evolving market needs.

MILESTONE

1988

Launched BOPP Self Adhesive Tapes for the first time in India, using German Technology

1990

Introduced Hot Melt Technology in India by manufacturing Hot Melt Rubber based Tapes

1992

Started selling in the Global Market through distributors

1994

Successfully got listed in the Bombay Stock Exchange

1995

Initiated production of specialized BOPP Film for tapes, using Double Bubble Technology

2017

Set up India's largest Tape Manufacturing facility spread over 500,000 sq. ft. with a 2.0m line

2026

New Factory Inaugurated in AltaMira, Mexico

2025

Launched EzeeRoll: Machine Roll Tape with special adhesive formulation

2024

Got FSC and BRC certifications

2022

Introduced Flexographic direct printable tapes without the need for corona treatment, primer, or release coating

2021

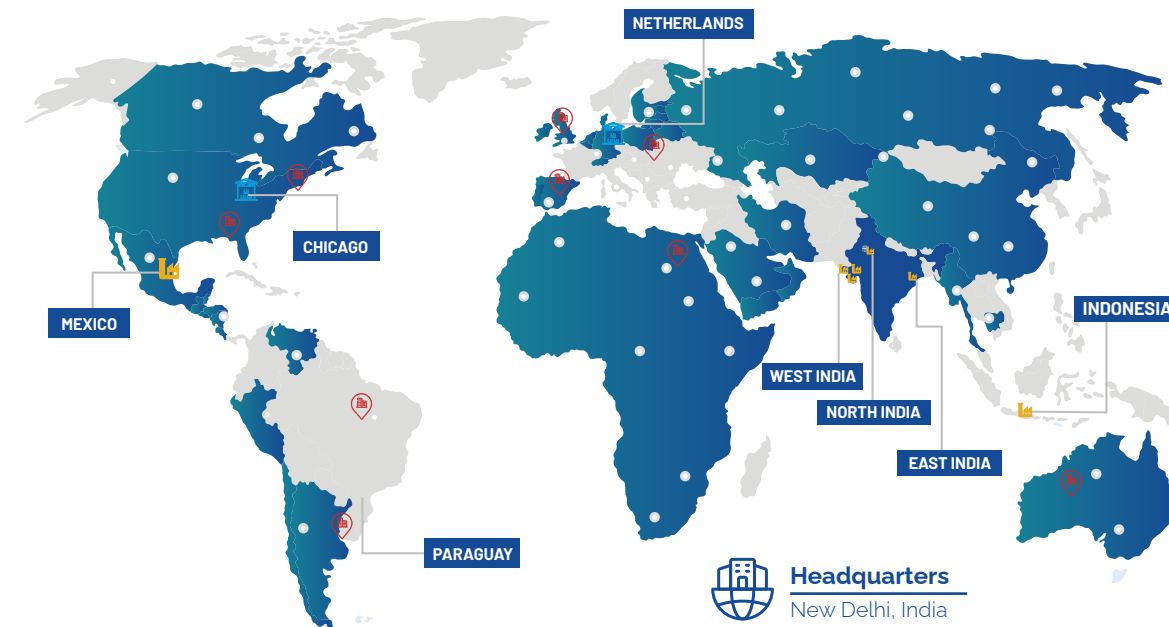

Launched an innovative and sustainable range of tapes: EkoPaper and EkoPET

EXPANDING PORTFOLIO OF OUR GLOBAL CUSTOMERS

ONE WORLD, ONE BAGLA GROUP

8 Manufacturing Factories

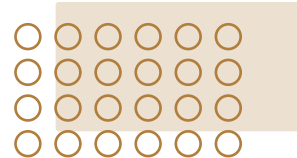

Customer Footprint in 50+ Countries

2 International Warehouses

16 Sales Offices

Key Markets:

USA • Canada • Mexico • Germany • UK • France • Italy • Spain • Poland • Brazil • Argentina • Australia

Our Mission

To help our customers grow their market share and profits,
by providing them with consistent quality and on time
delivery of the widest range of innovative products, while
always keeping them competitive.

At Bagla Group, quality isn't just a promise — it's proven. Our adhesive tapes are manufactured to the highest global standards, backed by rigorous testing and industry-leading certifications. Every tape reflects our commitment to consistency, safety, and performance, ensuring our customers receive nothing but the best.

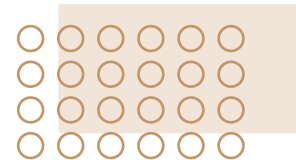

PRODUCT CERTIFICATIONS

INFRASTRUCTURE

Behind every tape we create lies a story of design, precision, and innovation. At Bagla Group, product development is more than making a packaging or industrial tape - it's about anticipating market needs and engineering solutions that deliver unmatched performance. From concept to creation, every stage of production is backed by stringent quality checks and rigorous in-house testing to ensure performance, reliability, and compliance with global standards.

OUR PRODUCT RANGE

BOPP Tapes

BOPP Acrylic Tape

BOPP Acrylic Tape delivers superior performance is an excellent choice for both manual and automated applications. Its strong, clear acrylic adhesive provides excellent adhesion, shear strength, quick-stick performance, and prevents flagging. This tape is ideal for all-weather conditions, and resists aging, weathering, UV light, and yellowing.

AVAILABLE AS:

Utility Grade:	1.3 to 1.5 mils (34 to 46 μm)		
Medium Grade:	1.8 to 2.4 mils (47 to 60 μm)		
High Grade:	2.5 to 3.6 mils (62 to 90 μm)		
 Freezer Grade	 Tinted Version	 Low Noise Version	 Printed Tapes
 Clear to the Core option	 High-shear adhesive option	 30% Recycled Material option	

EzeRoll™

ACRYLIC MACHINE ROLL LENGTH TAPE

EzeRoll is a machine roll-length tape for high-speed taping applications. It's special adhesive formulation makes it a great alternative to Holtmelt tape. Unlike traditional acrylic tapes, EzeRoll ensures minimal adhesive residue buildup on machine rollers due to its unique adhesive formulation.

AVAILABLE AS:

Thickness:	1.6, 1.8, 2.0, 2.6, 3.0 mils (40, 45, 50, 65, 78 µm)
Length:	Upto 2000m
Width:	48, 72, 96, 144, 288mm
Diameter:	upto 400mm
Colors:	White, Tan, Clear

BOPP Tapes

BOPP Hotmelt Tape

BOPP Hotmelt Tape is produced for versatility across a wide range of packaging applications. It delivers smooth processing & effortless unwind. With superior adhesion & high tensile strength, the hotmelt tape ensures secure, reliable seals on corrugated & recycled cartons.

AVAILABLE AS :

Utility Grade:	1.35 to 1.9 mils (31 to 48 µm)
Medium Grade:	2.0 to 2.5 mils (50 to 62 µm)
High Grade:	3.0 to 3.6 mils (75 to 90 µm)
Length:	Upto 2000m
Width:	48, 72, 96, 144, 288mm
Diameter:	upto 400mm
 Cold Temp. Grade available on request	

BOPP Solvent Tape

BOPP Solvent Tape is designed for heavy-duty, long-lasting carton sealing. Manufactured with a solvent-based adhesive, it delivers excellent tack and strong adhesion even on recycled or rough surfaces. This tape ensures smooth processing and reliable holding power on corrugated and liner board boxes. Its superior strength makes it an ideal choice for demanding shipping and storage conditions.

AVAILABLE AS :

Thickness:	1.8, 2 mils (45, 50 µm)
Adhesive:	Solvent Rubber
Length:	Upto 2000m
Width:	48, 72, 96, 144, 288mm
Diameter:	upto 400mm

Paper Tapes

Water Activated Reinforced Tape

Water-Activated Reinforced Kraft Paper Tape combines the strength of fibreglass reinforcement with the eco-friendly appeal of natural kraft paper. Its water-activated adhesive creates a permanent bond with corrugated surfaces, ensuring packages stay secure through the toughest journeys.

AVAILABLE AS :

Thickness:	5.5, 5.8, 6.3, 6.5, 7.0 mils (140, 150, 160, 165, 180 µm)
Adhesive:	Chemically Grafted Starch Based Copolymer Adhesive
<i>*Reinforced, Non-Reinforced, Printed Option Available.</i>	

Kraft Paper Tape

Kraft Paper Tape is an eco-friendly carton sealing solution designed to replace conventional plastic-based tapes. Made from durable kraft paper with a strong adhesive backing, it bonds securely to corrugated surfaces & works well on recycled cartons. Ideal for sustainable packaging, it offers a clean, professional look & can be customized with branding or messaging.

AVAILABLE AS :

Backing:	Kraft Paper
Thickness:	4.8, 5.2, 5.6 mils (120, 130, 140 µm)
Adhesive:	Hotmelt
<i>*Different thickness available on request.</i>	

Paper Tapes

EkoPaper™

FSC® - CERTIFIED PAPER TAPE

EkoPaper Adhesive Tape is crafted from FSC®-certified semi-crepe paper and coated with a pressure-sensitive adhesive, making it an eco-friendly yet cost-effective solution for secure carton sealing. It is easy to tear by hand, delivers strong adhesion, excellent chemical and solvent resistance, and leaves no residue behind.

AVAILABLE AS :

Backing:	FSC® - Certified Paper
Thickness:	4.8 mils (120 µm)
Paper Grammage:	57 GSM
Adhesive:	Natural Rubber 30–32 GSM
Printing option available	Printing option available

Printable Tapes

Ezee Print™

DIRECT PRINTABLE TAPE

EzeePrint is a premium Directly Printable Acrylic (DPA) tape designed for seamless, high-quality printing directly on flexographic printing machines. It enables a superior, one-step printing process without the need for corona treatment, primer, or release coating.

AVAILABLE AS :

Thickness:	1.8, 2.0, 2.2, 2.5 mils (45, 50, 55, 62.5 µm)
Backing:	BOPP
Adhesive:	Acrylic
Colors:	White, Brown, Clear, Red
Widths Available:	144, 150, 288, 300mm
Maximum Roll OD:	Upto 400mm
Length Available:	Upto 2000m

Masking Tape

Masking Tape is a versatile, easy-to-tear paper tape designed for painting, surface protection, labeling, and general-purpose applications. It adheres firmly to surfaces yet removes cleanly without leaving residue, making it ideal for both professional and household use. With reliable adhesion and smooth unwind, it delivers precision and efficiency across a wide range of tasks such as painting etc.

AVAILABLE AS :

Thickness:	4.8, 5.2 mils (120, 130 µm)
Backing:	Saturated crepe paper
Adhesive:	Solvent-based
*Different colors available on request.	

Coro Print™

CORONA PRINTABLE TAPE

CoroPrint is a printable acrylic tape designed for printers using corona treatment before flexographic printing. Its flame-treated film strengthens the bond between adhesive and film, preventing adhesive transfer to the opposite side. CoroPrint also ensures that there is no adhesive decay over time resulting in reliable, high-quality print every time.

AVAILABLE AS :

Thickness:	1.8, 2.0, 2.2, 2.4 mils (45, 50, 55, 60 µm)
Backing:	BOPP
Adhesive:	Acrylic
Colors:	White, Brown, Clear, Red
Widths Available:	144, 150, 288, 300mm
Maximum Roll OD:	Upto 400mm
Length Available:	Upto 2000m

Specialty Tapes

90% RECYCLED PET TAPE

EkoPET combines the durability of PET tape with 90% post-consumer recycled content, making it a true circular economy solution. Its ultra-thin yet strong PET backing delivers up to 127% more tape per roll, 50% fewer roll changes, and 40% less waste — saving time, space, and resources while protecting the planet.

AVAILABLE AS :

Film Thickness:	75, 90, 140 Gauge (19, 23 and 36 µm)
Adhesive:	Acrylic
Low Noise variant available. Printing option available	

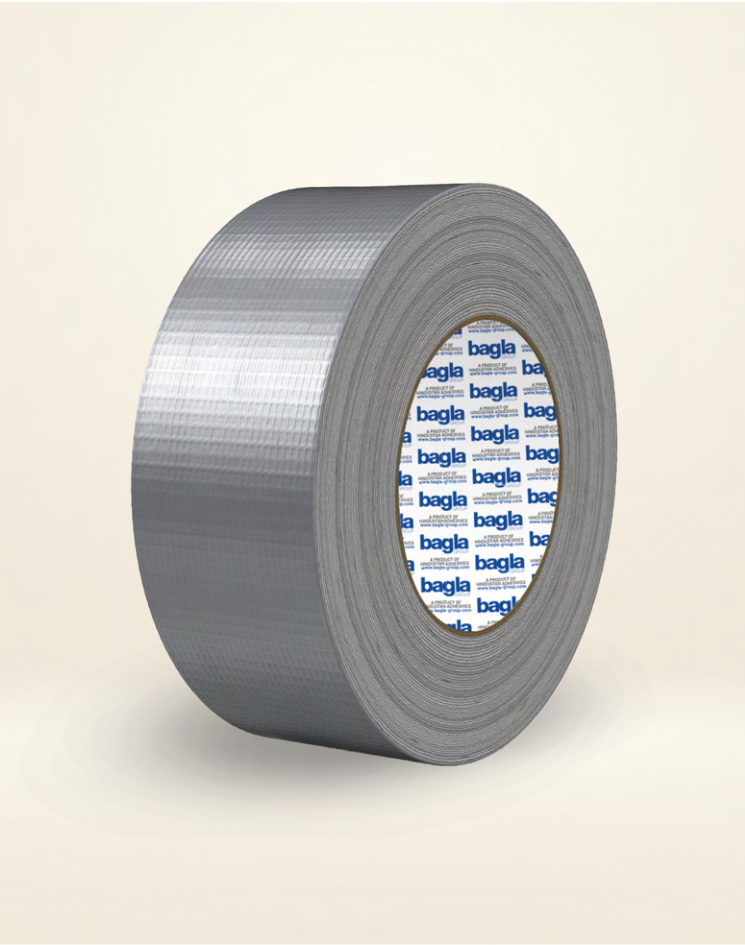

Specialty Tapes

Mono Filament Tape

Mono Filament Tape is a high-strength, fiber-reinforced tape designed for bundling, palletizing, and heavy-duty carton sealing. Its glass fiber reinforcement provides exceptional tensile strength and resistance to tearing, while the strong adhesive ensures reliable performance on a variety of surfaces. This tape secures the heavy loads & prevents package shifting during transit.

AVAILABLE AS :

Backing Material:	Fiberglass Laminated BOPP
Type of adhesive:	Synthetic Rubber Resin
Thickness:	4.1, 5.1, 5.7 mils (105, 130, 145 µm)

Duct Tape

Duct Tape is a strong, multi-purpose tape engineered for quick fixes, sealing, repairing, and reinforcing. With a durable cloth backing and strong adhesive, it bonds instantly to a variety of surfaces—even rough or uneven ones. Flexible, tearable by hand, and weather-resistant, it delivers reliable performance for both industrial and everyday applications.

AVAILABLE AS :

Thickness:	6 to 10mils (150 to 250 µm)
Backing:	PE film
Adhesive:	Natural Rubber
Reinforcement:	PET Cloth
*Other thickness variants available on request.	

Cross Filament Tape

It is reinforced with bi-directional fiberglass strands, offering superior strength and tear resistance for the toughest packaging applications. With high tensile load capacity and strong adhesive bonding, it ensures secure carton sealing, palletizing, and bundling of heavy materials. Its cross-weave design prevents splitting and provides extra durability, making it ideal for demanding shipping and industrial uses.

AVAILABLE AS :

Backing Material:	Cross Fiberglass Laminated BOPP
Type of adhesive:	Synthetic Rubber Resin
Thickness:	4.5 mils (115 µm)

ARE YOU STRUGGLING WITH:

- Constantly chasing your suppliers for delivery
- Even after chasing you don't get your delivery on time
- Sales are not growing
- Loss of customers due to quality issues
- Margins are shrinking and costs are going up
- You are fighting competition, discount and credit
- Deliveries are not predictable which leads to cash flow issues
- Supplier does not take responsibility of the quality
- You do not have new products to offer
- You run out of material when you need it most
- You are still selling the same old products with low margins
- You need to chase your supplier for any information
- You are at risk of political changes disrupting your supply chain
- You get material that is not of correct length and weight
- There is always a new excuse and problem
- Price always increases and without logic
- Coordinating with too many suppliers
- You are tired of fighting
- The joy of doing business is no longer there

If yes, all these problems will vanish after you work with us.

RESULTS YOU WILL GET WORKING WITH US:

- Never Run Out of Material
- Always have the latest and most innovative products to sell
- Get a wide range of products from single source
- No more hassles and delays in deliveries
- Transparent and fair pricing 365 days a year
- Correct market information and trends
- Super fast claim resolutions
- Dedicated customer relationship officer available 24x7
- Always get facts and not excuses
- Guaranteed length and weight of all products
- Local sales rep to help you with trainings and information
- Gain market share by world class service
- Innovative products to increase your margins
- Have a dedicated dashboard to see all your orders and delivery
- No more fighting and all focus only on growing business
- Ease of doing business and peace of mind

Your Buying will be on Autopilot so you can focus your energy only on Selling and growing your Profits.
