Every tape reflects our commitment to consistency, safety, and performance, ensuring our customers receive nothing but the best.

PRODUCT CERTIFICATIONS

INFRASTRUCTURE

Behind every tear tape we create, lies a story of design, precision, and innovation. At Bagla Group, product development is more than making a tape —it's about anticipating market needs and engineering solutions that deliver unmatched performance. From concept to creation, every stage of production is backed by stringent quality checks and rigorous in-house testing to ensure performance, reliability, and compliance with global standards.

OUR PRODUCT RANGE

EzeeTear™

FMCG TEAR TAPE

Open with ease, every time. EzeeTear's thin adhesive strip lets you tear through packaging effortlessly — no scissors, no struggle. Designed for convenience and precision, it keeps products secure until the very moment you need them.

AVAILABLE AS :

Backing:	MOPP, BOPP, HTPP & PET
Adhesive:	Acrylic
Adhesive Activation:	Pressure Sensitive
Thickness:	23, 26 and 40 µm
Width:	1.5mm to 4mm
Length:	5,000m to 120,000m

BioTear™

BIODEGRADABLE TEAR TAPE

Cellophane is derived from renewable resources and is compostable according to **EN 13432** and **ASTM D6400**. It is formulated to comply with EU legislations for most food contact applications.

AVAILABLE AS :

Backing:	Cellophane
Adhesive:	Natural Rubber
Adhesive Activation:	Pressure Sensitive
Thickness:	32 µm
Width:	1.5mm to 4mm
Length:	5,000m to 120,000m

EzeeTear™ Earth

FMCG TEAR TAPE WITH 90% PCR

EzeeTear Earth combines performance with purpose — an FMCG tear tape crafted from 90% post-consumer recycled PET. With acrylic adhesive and a smooth release coating, it delivers effortless opening while promoting sustainability.

AVAILABLE AS :

Backing:	rPET
Adhesive:	Acrylic
Adhesive Activation:	Pressure Sensitive
Thickness:	23 µm
Width:	1.5mm to 4mm
Length:	5,000m to 120,000m

Ezeerip™

CARTON TEAR TAPE

Ezeerip transforms the way paper and board packaging is opened. Its smooth, intuitive tear allows consumers to access corrugated & fibreboard boxes quickly, safely, & without damage. Designed for speed and convenience, it delivers a clean unboxing experience every time.

AVAILABLE AS :

Backing:	MOPP
Adhesive:	Acrylic
Adhesive Activation:	Pressure Sensitive
Thickness:	40, 50, 60, 75, 90 µm
Width:	3mm to 25mm
Length:	5,000m to 30,000m
<i>*Also available in Hotmelt Adhesive (60,90 µm)</i>	

Ezeerip™ PROTECT

REINFORCEMENT TAPE FOR HEAVY CARTONS

Ezeerip Protect does double duty — reinforcing cartons for extra strength while delivering effortless opening. Perfect for securing handles and stress points of heavy duty cartons, it ensures your packaging stays strong, reliable, and easy to use.

AVAILABLE AS :

Backing:	MOPP
Adhesive:	Acrylic
Adhesive Activation:	Pressure Sensitive
Thickness:	125 µm
Width:	15mm to 25mm
Length:	5,000m to 10,000m

EkoRip™

CARTON TEAR TAPE WITH FSC® - CERTIFIED PAPER

EkoRip is a sustainable choice for opening corrugated boxes and envelopes. Made from strong FSC® - certified paper with a high-tack adhesive, it bonds securely — even to highly recycled boards — while offering a smooth, effortless tear every time.

AVAILABLE AS :

Backing:	FSC® - Certified Paper
Adhesive:	Synthetic Rubber
Adhesive Activation:	Pressure Sensitive
Thickness:	120, 150 GSM
Width:	3mm to 25mm
Length:	5,000m to 30,000m

EkoRip™ PROTECT

REINFORCEMENT PAPER TAPE FOR HEAVY CARTONS

EkoRip Protect reinforces packaging the sustainable way. Made from FSC® - certified paper with a high-tack adhesive, it secures handles, joints, and stress zones — even on high-recycled boards — without compromising recyclability.

AVAILABLE AS :

Backing:	FSC® - Certified Paper
Adhesive:	Synthetic Rubber
Adhesive Activation:	Pressure Sensitive
Thickness:	150 GSM
Width:	15mm to 25mm
Length:	5,000m to 10,000m

EzeeTag™

STRING AND TAG TAPE FOR TEA BAGS

EzeeTag offers advanced, high-quality tape specifically designed for tea bag production. EzeeTag tape seamlessly connects the string both to the tea bag and the label, ensuring a secure and reliable attachment.

AVAILABLE AS:

Paper Liner Colour:	White
Length:	3000m
Width:	9.7mm
Reel Core Length:	180mm
Core Internal Diameter:	76.6mm
Max Reel Weight:	3.0kg

EzeeVak™

EASY OPEN. AIRTIGHT SECURE.

EzeeVak is an innovative, easy-open solution designed to deliver both secure hermetic sealing and consistent, reliable opening. Specifically developed for modified atmosphere packs, vacuum packs, and other airtight packaging formats, it eliminates the need for knives or scissors, ensuring consumer safety and convenience.

KEY BENEFITS:

Backing:	MOPP
Adhesive:	Acrylic
Adhesive Activation:	Pressure Sensitive
Thickness:	55 µm
Width:	3mm
Length:	10,000m

ARE YOU STRUGGLING WITH:

- Constantly chasing your suppliers for delivery
- Even after chasing you don't get your delivery on time
- Sales are not growing
- Loss of customers due to quality issues
- Margins are shrinking and costs are going up
- You are fighting competition, discount and credit
- Deliveries are not predictable which leads to cash flow issues
- Supplier does not take responsibility of the quality
- You do not have new products to offer
- You run out of material when you need it most
- You are still selling the same old products with low margins
- You need to chase your supplier for any information
- You are at risk of political changes disrupting your supply chain
- You get material that is not of correct length and weight
- There is always a new excuse and problem
- Price always increases and without logic
- Coordinating with too many suppliers
- You are tired of fighting
- The joy of doing business is no longer there

If yes, all these problems will vanish after you work with us.

RESULTS YOU WILL GET WORKING WITH US:

- Never Run Out of Material
- Always have the latest and most innovative products to sell
- Get a wide range of products from single source
- No more hassles and delays in deliveries
- Transparent and fair pricing 365 days a year
- Correct market information and trends
- Super fast claim resolutions
- Dedicated customer relationship officer available 24x7
- Always get facts and not excuses
- Guaranteed length and weight of all products
- Local sales rep to help you with trainings and information
- Gain market share by world class service
- Innovative products to increase your margins
- Have a dedicated dashboard to see all your orders and delivery
- No more fighting and all focus only on growing business
- Ease of doing business and peace of mind

Your Buying will be on Autopilot so you can focus your energy only on Selling and growing your Profits.

Unleash the Future of **INNOVATIVE TEAR TAPES**

Top-quality tear tapes meeting stringent industry compliances.

Improved pack appearance, no wrinkles on the pack.

Variety of base materials available BOPP, MOPP, HTPP & PET.

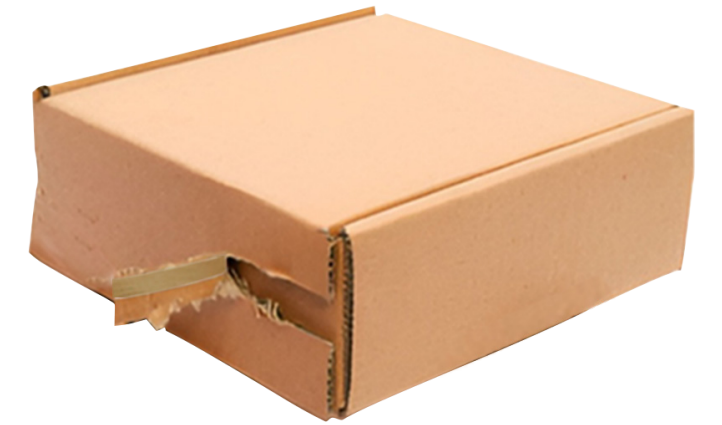

High Tensile Strength, Easy Application, 100% adhesion to the wrapping film.

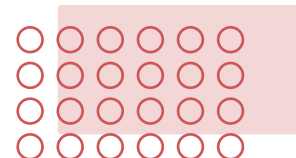

Robust supply chain with strategic stock points.

Strong industry partnerships, less stoppage and maintenance, high customer satisfaction.
